Pay with ACH using your Checking Account:

ACH stands for Automated Clearing House. It's a network used for electronically moving money between bank accounts.

Enter your name as it appears on your checks. It does not matter if it's a personal account or a business account as long as your account accepts ACH payment requests. If you are not sure, please contact your bank. Note: some banks use a different routing number to process ACH payments.

After entering your routing number, you should see your bank name. The example here is a Wells Fargo Routing number, see the highlight below.

Once you click the "Pay Now" button, you are done! We will mark the selected PROs paid and process your ACH payment within a couple days.

Incomplete entries are displayed with **red** tint on the left!

A screenshot of a payment form titled "Please enter payment info". The form contains three input fields: a card number field with "VISA" on the left and "4111 1111 111" in the text area; an expiration date field with a calendar icon on the left and "02 / 20" in the text area; and a CVV field with "CVV" in the text area. The left side of each input field is highlighted with a red tint. A red arrow points to the "VISA" label, another red arrow points to the "02 / 20" text, and a third red arrow points to the CVV field. Below the input fields is a grey "Submit Payment" button.

When all data looks valid, the colors should all be **green**, and the "Submit Payment" button will also turn **green**.

A screenshot of the same payment form, now with all input fields and the submit button highlighted in green. The card number field contains "4111 1111 1111 1111". The expiration date field contains "02 / 2025". The CVV field contains "123". Red arrows point to the "VISA" label, the "02 / 2025" text, the CVV field, and the "Submit Payment" button.

Once you click the "Submit Payment" button, you are done! We will mark the selected PROs paid and the Credit Card companies do the rest.
